Welcome to DeGrand Angus . . .

DeGrand Angus is a family operation committed to raising and supplying top quality seed stock to the commercial cattlemen of Montana. We are the fifth and sixth generations of the family to be engaged in ranching in the Baker area. We are excited to have the opportunity to show you some of our cattle and present our breeding program for your evaluation.

Bulls calves are never separated from sisters to run on better pastures.

As the Angus breed recognizes more and better carcass traits, we will use this information to improve our herd for the customer. We will never use a "carcass" bull unless it still passes all economical traits and criteria that we deem necessary.

Our first purchase of registered Angus was in 1974. Now we run approximately 270 registered mother cows and 100 registered yearling heifers. DeGrand Angus does not creep-feed these cattle. We are thus able to better evaluate the cow herd. Our goal has been to breed cattle that have moderate frame, and to have a quiet disposition. We believe temperament affects gain. All our cows must be capable of doing their job in Montana's harsh, ever changing environment. Those who can't are culled.

Everyone is encouraged to attend our sale and take advantage of purchasing some of this year's best Angus Bulls. If you have any questions feel free to call or stop out and take a look at our excellent herd at any time.

Thank You

Art and Kathy DeGrand

Amanda DeGrand

DEGRAND ANGUS "NO BULL SHIT" 4 YEAR GUARANTEE

How much more could you pay for a bull knowing he would last 4 years? And how much better could you manage your budget and your genetics? Knowing the average longevity of bulls from most breeders, this could easily be worth \$1000/bull or more. As the industry leader, breeding and raising bulls capable of holding up, lasting longer and taking tougher conditions, it is fitting that DeGrand Angus will be one of the first to raise the bar and offer a 4 year guarantee. We hope that others who claim to have bulls which can do the same will step up to the plate.

Details and conditions: All bulls selling over \$2000 in the April 15, 2011 sale, will be guaranteed against injury that renders them incapable of breeding, or to be a potential breeder except the following: injuries or loss caused by motor vehicles, equipment, or trains; injury or loss caused by acts of nature/God including but not limited to: lightning, tornadoes, blizzards, freezing cold, fires, drowning; injury or loss from disease, feed intake or poisoning; any human caused injury or loss, including but not limited to: nuclear, radioactive, contamination, war, invasion, acts of terrorism; confiscation, quarantine, theft; malicious or willful injury to animal; injury or loss caused by carelessness, neglect; failure to maintain good animal husbandry and management; any injury or loss caused by predation.

This guarantee only applies to original purchaser and shall not apply to any bull which has not been maintained by original purchaser at all times and for normal breeding practices and in normal breeding conditions. This guarantee only applies to bulls which are maintained at all times in accordance with rules and practices of good animal husbandry and management.

Claims shall be resolved as follows: Bulls purchase price up to \$5000 less salvage value shall be credited to the purchaser toward purchase of (1) bull at following DeGrand Angus Bull sale. The credited purchase price decreases by 25% per year, after turn out to cows, or July 1st, whichever is earlier. All Credits due must be used in first proceeding DeGrand Angus bull sale following injury, or will become void. Original purchaser must contact DeGrand Angus within 14 days of discovery of injury and have licensed veterinarian's verification. DeGrand Angus retains the right to use agent of their choice for all verifications. If any claims are denied by DeGrand Angus, purchaser must respond with written legal explanation describing why guarantee should apply, or lose any guarantee available on bulls.

Welcome To

DeGrand Angus

— Annual Bull Sale —

Friday, April 15, 2011 • Sale at 1 p.m.

NEW LOCATION — Fallon County Fairgrounds

Looking Back to 1991.....

Dear Livestock Producer,

Looking for less hassle during calving and more money in the bank at shipping time? Then it's the right time to plan to attend our annual production bull sale at Baker Livestock Exchange on March 19, 1991.

DeGrand Angus Ranch will be offering 60 yearling bulls this year, all with gentle dispositions. Nothing gets culled quite as hard in this herd as the bad attitude. Our efforts to increase weaning weights have been paying off, at the same time, the birth-weights are as low as you will find anywhere.

In our endeavors to improve our herd so that your herds can benefit, we have seldom been more pleased. Come See why we are so excited!

Art and Margaret DeGrand

— Annual Bull Sale —

Friday, April 15, 2011

Sale Time 1 p.m.

Lunch served at noon

NEW LOCATION — Fallon County Fairgrounds
